The Hotel

Flanked by the rugged, majestic Le Morne mountain on one side and miles of sandy beaches on the other, LUX* Le Morne is set on one of Mauritius' most attractive lagoon-facing spots.

Circled by sheltered coves and sparkling aqua-blue waters, this UNESCO World Heritage site is known for its spectacular sunsets.

Four pools, a tempting spa and picturesque chalets are dotted around lush tropical gardens, giving the hotel all the laid-back charm of a boutique retreat.

Sample a melting-pot of flavours in our restaurants, where island-inspired dishes are paired with New World wines.

This is the dolphins territory : sail through to the emerald-green waters to meet them in their natural habitat. Nearby, the wave-riding spot at One Eye is widely known by surfers and kitesurfers ; further inland, the Black River Gorges National Park delights with its tropical flora and fauna – an extraordinary setting for a once-in-a-lifetime adventure in Mauritius.
